ONE WAY VISION

One Way Vision is an innovative window graphic made from perforated self-adhesive vinyl film. It is great for completing a partial vehicle wrap design onto windows.

The tiny perforated (punched) holes allow visibility from the inside of your vehicle, while anyone viewing from the outside will see your window graphics. We digitally print your design in full colour.

Rest assured, we only use genuine One Way Vision vinyl which is designed to meet the VLT Standards (Visible Light Transmittance) for Australian Standards for Vehicles.
